MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Prices on slaughter steers and heifers were steady to 50¢ higher at midwest markets under the influence of moderate receipts. Increased marketings of slaughter cows sold steady to 50¢ lower. Demand continued broad for the seasonally large volume of feeder cattle and calves and prices were generally steady. Barrows and gilts declined 25-50¢ over most of the Corn Belt as combined marketings at the 12 terminals and in the Interior Iowa-Southern Minnesota area reached 796,600, the largest for any week since January 1960 with the Interior accounting for the big bulge in receipts. Sows sold steady to 75¢ lower. Slaughter lambs were generally strong to 50¢ higher under the influence of reduced supplies and higher dressed lamb prices.

SLAUGHTER CATTLE AND CALVES - Reduced supplies of slaughter steers and heifers for the past two weeks have influenced price advances on both dressed meat and live cattle. At midwest terminal markets, slaughter steers and heifers sold steady to 50¢ higher for the week in review. The average selling price of beef steers out of first hands at Chicago at \$24.73 was the highest for any week since last April. A seasonal increase in cows along with lower dressed cow beef resulted in a steady to 50¢ lower live trade. Bulls were also steady to 50¢ lower and vealers were steady. Twelve market receipts were slightly below the previous week and 8 percent below a year ago. Good and Choice continued to make up the bulk of the steer supply but most centers received loadlots of mixed Choice and Prime with Choice predominating at Chicago. Price spreads on all grades were rather narrow as weight and dressing percentage were very important as price determining factors.

Slaughter steers: A dozen loads Prime 1250-1350# brought \$26.25 at Chicago with bulk Choice and Prime 950-1400# \$24.25-26.00. At other midwest centers mixed Choice and Prime 1050-1350# \$25.00-26.00. Six loads Choice with Prime end averaging 1725# \$22.75 at Chicago. Choice 900-1300# at markets along the Missouri River bulked at \$23.50-24.75, Choice and mixed Choice and Prime 1350-1685# \$22.50-24.25. Most Good at all Corn Belt centers \$22.50-23.50, Standard \$20.50-22.50.

Slaughter heifers: Mixed Choice and Prime \$24.00-24.25, instances \$24.50. Choice brought \$22.75-24.00, bulk Good \$21.50-22.50, Standard \$19.00-21.25.

Slaughter cows: Utility and Commercial sold from \$14.50-16.00, Canner and Cutter \$11.50-14.50.

FEEDER CATTLE AND CALVES - Receipts of feeder cattle and calves at terminal markets

continued seasonally large. Marketings of yearling and two-year-old cattle were not quite as large as during several previous weeks this season but the movement of calves expanded to the largest volume thus far this year. The supply of calves at Sioux City was the largest for that market for any week in 25 years. However, some markets continued to receive only moderate numbers of calves and as a result total marketings of this class were little different than a year ago. Sizable numbers of high-Choice and mixed Choice and Fancy calves and yearlings were on display. Although large volume fall marketings are headed into the final weeks of the 1961 season, supplies as yet have shown little evidence of deterioration in over-all quality such as usually is seen during the final clean-up stages. Trading at midwest markets was somewhat uneven but for the most part was fairly active and generally showed very little departure from a steady basis. Principal exception was at Kansas City where yearling and two-year-old cattle were strong to 50¢ higher in a reaction from an isolated decline at that market the previous week.

Feeder steers: Bulk Good and Choice 800-1050# \$22.00-24.25; Medium and low-Good 750-950# \$20.00-22.00. Several loads Choice 775-825# brought \$24.50-25.25. At Omaha 7 loads Choice 1099# sold at \$23.50 and one load Choice 1181# at \$22.50. A few Choice 500-600# went from \$27.00-28.00; bulk Good and Choice 550-750# \$23.00-26.50; Medium and mixed Medium and Good 550-750# \$20.00-23.50.

Feeder heifers: Moderate supplies of Good and Choice 525-725# \$21.00-24.50, mostly \$22.00-24.25 with a few 550# reaching \$25.50.

Feeder calves: Many Choice and Fancy 300-450# steers brought \$31.00-34.00, moderate number \$34.50-36.00 and at Omaha 1 load 315# \$37.00. Other steers of Good and Choice grades ranged \$24.00-30.50. Good and Choice heifers bulked \$23.00-28.00, few loads Choice and Fancy 300-450# \$28.50-31.00.

HOGS - Terminal Markets - Hogs moved to market in a substantial volume with receipts at the 12 terminals 6 percent above the previous week and 3 percent more than the corresponding week of a year ago. The run numbered 349,000 head and was the largest for any week since April. The step-up in marketings was largely seasonal. However, weather was unfavorable for field work and proved to be a factor as producers turned their attention to marketing hogs. No. 1-3 190-260# barrows and gilts again predominated, but there was some increase in 250-270# offerings, and the average weight at many points was a few pounds heavier. Weight became a more important price determining factor and, as a result, some widening developed in price spreads.

In fact, price pressure became quite severe on butcher hogs over 240# late in the week at many centers. Sows arrived in seasonally small numbers, and comprised around 6 - 11 percent of the supply. The increase in receipts along with a lower wholesale trade on some cuts had a depressing effect on live prices.

Barrows and gilts finished the period largely 25-50¢ lower. Sows closed steady to 75¢ lower at most centers.

Barrows and gilts: Late in the week No. 1 - 3, 190-260# sold at \$15.75-16.50 and up to \$16.85 at Indianapolis. U. S. 1-2, 190-240# brought largely \$16.25-16.75, sizable shipment U. S. 1, 219# \$17.25 at Indianapolis.

Sows: U. S. 1-3, 270-400# \$14.00-15.50; No. 2-3, 400-600# \$13.00-14.50.

Feeder pigs held steady at Sioux City but declined 50¢ at St. Paul. Good and Choice 130-160# offerings sold at \$15.00-15.50 at both markets.

Hogs - Interior Iowa-Southern Minnesota receipts at 448,000 head were largest of the season with the supply 38 percent larger than in the preceding week and 19 percent more than in the like period a year ago. Marketings included a moderate increase in the proportion of barrows and gilts over 230#. Sows comprised an estimated 6% of receipts. Prices were generally 25-50¢ lower for the week with the full decline on weights over 240# in several parts of the area. Sows were fully 25¢ lower, instances 50¢ off on weights under 330#.

On Friday, U.S. No. 1-3 200-240# barrows and gilts brought \$15.25-15.75, moderate volume No. 1-2 \$15.75-16.00, few mostly No. 1 200-220# \$16.15. No. 1-3 270-400# sows brought \$13.75-15.40; 400-550# mostly \$12.25-14.00.

SHEEP AND LAMBS - Receipts at the 12 terminals totaled 104,000 head, around 12 percent less than previous week but 3 percent more than a year ago. Woolled lambs comprised bulk of lamb supply, although shorn lambs accounted for 50 percent of slaughter lambs at Sioux City. Slaughter ewes and feeder lambs were in small volume at most markets, however, feeder lambs made up 65 percent of the run at Denver. Reduced receipts and higher dressed lamb prices at most wholesale centers had a bullish influence on the live market. Closing prices on slaughter lambs were strong to 50¢ higher at most markets with some sales \$1.00 up. The 50-75¢ lower trend at Denver was an exception. Slaughter ewes sold mostly steady to 50¢ higher. Feeder lambs met fairly good demand at mostly steady prices, some sales 50¢ higher.

Slaughter lambs: Choice and Prime 90-114# woolled \$16.50-18.00, most late sales \$17.00-18.00. At Denver, several loads Choice to mostly Prime 90-110# \$18.30-19.00 early. Bulk Good and Choice 75-110# \$15.00-17.00. Choice and Prime 80-110# shorn lambs with No. 2 to fall shorn pelts \$16.00-17.50, Good and Choice

\$15.50-16.75.

Slaughter ewes: Cull to Choice woolled and shorn \$2.50-5.50.

Feeder lambs: At Denver, Choice and Fancy 60-80# bulked at \$16.00-16.80, mostly Choice 50-90# \$14.75-16.00. At other terminals Choice and Fancy \$14.25-15.50 and 2 loads 64# Wyoming lambs \$16.25 at Omaha, Good and Choice ranged \$11.00-14.50.

Breeding ewes: Good and Choice yearling \$9.00-13.00; two-year-old to solid mouth \$5.00-10.00.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area at 23,300 head, compared with 20,900 the previous week and 20,700 a year ago. Slaughter lambs sold steady to 50¢ higher with most advance on woolled lambs; slaughter ewes scarce, steady to 50¢ higher.

Slaughter lambs: Choice and Prime 85-110# woolled \$16.50-17.00 delivered to packing plants with a limited volume high-yielding lambs \$17.00-17.50 late; Good and Choice \$15.50-16.50. Choice and Prime 85-110# shorn lambs with No. 2 to fall shorn pelts \$16.00-17.00; Good and Choice \$15.00-16.00.

Slaughter ewes: Cull to Good woolled and shorn \$2.00-4.00.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Prices for steer carcasses were mainly steady, however, some lots 50¢ up at Washington and Philadelphia; cow beef steady to 50¢ lower; veal unchanged; lamb steady to \$2.00 higher, the major advance recorded at New York, but the trend at Baltimore was \$1.00-3.00 lower; pork loins sold steady at New York, other points steady to \$3.00 off, major portion \$2.00 lower; Boston butts and fresh skinned hams steady; spareribs steady to \$2.00 lower.

Prices were fully steady to strong for selected lots of kosher steer beef, however, some forequarters were \$1.00 lower. Quotations for kosher veal, calf and lamb were unchanged.

Supplies of steer beef, veal, calf and pork were normal; cow beef small to moderate; lamb moderate to mostly normal. In the steer beef division, retailers showed preference for forequarters and demand was broad, but outlet was poor for hindquarters. Trading was moderately active for cow beef and veal, while calf carcasses and cuts sold slowly at New York. Demand for lamb was broad and clearance was normal along the Eastern Seaboard. Pork loins and other pork cuts cleared well in a moderately active trade. Moderate supplies of steer hindquarters were unsold late at most markets.

CHICAGO - The week's trend on steer and heifer beef was 50¢-\$1.00 higher, veal steady, lamb fully 50¢ higher. Pork loins were 50¢-\$2.50 lower, full decline on 12-16#, Boston butts \$1.00-1.50 higher, spareribs \$1.50 lower.

All classes of fresh meat were in normal volume, bulk in the beef division grading Choice. Largest percentage of lamb carcasses weighed 35-45#, 50-65# relatively scarce. Pork loins 12-16# most plentiful.

Carcass beef trade was generally moderately active. Fair demand prevailed for forequarters, chucks and ribs on each session, rounds clearing fairly well from Tuesday on, chucks showing slight advance. Slow movement of loins the past several weeks continued into the current period, however, at the close demand was fairly good. Veal trading generally was slow but prices were steady ending a two-week period of declining prices. Demand was mostly fair for carcass lamb. Lamb loins and ribs were slow but other primal cuts had adequate outlets. Fair demand for Boston butts after the initial session, pork loins and spareribs slow. Spareribs currently at their lowest level since January 11, 1960.

PACIFIC COAST - All carcass beef sold mostly steady in San Francisco except for an occasional 50¢ decline on Choice 700-800# steer carcasses. Steer and heifer beef was steady to 50¢ lower in Los Angeles, but steady to \$1.00 higher in the Pacific Northwest with the most advance in Seattle. Cow beef prices were 50¢-\$1.00 lower in southern California, mostly steady elsewhere. Veal and calf largely steady, instances \$2.00 higher in Los Angeles and Portland. Lamb held steady at all points. Prices on most fresh pork cuts were \$1.00-4.00 lower, greatest decline was on loins and in California; cured pork was mostly steady other than sliced bacon weak to \$1.00 lower in Los Angeles and firm to \$1.00 higher in San Francisco.

Trading was fairly active on steer and heifer beef with current supplies about normal except in Los Angeles where above normal supply of Choice steer carcasses over 650# exceeded demand. Moderate supplies of cow beef were fully adequate for a rather narrow demand. Liberal offerings of carcass lamb moved in a moderately active trade. Trading in general was slow and demand only fair for the normal volume of fresh and cured pork.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Although demand for steer beef was moderate, trading was slow. Heifer beef found a ready outlet and an active trade developed. Beef supplies were normal.

The week's trend on steer beef was strong to \$1.00 higher, mostly 50¢ higher. Heifer beef was 25¢ to largely 50¢ higher except at Philadelphia where prices were 75¢-\$1.00 up. Cow beef sold steady to \$1.00 lower, mostly 50¢-\$1.00 lower. Clearance was only fair on steer beef, but good on heifer and cow beef.

Demand was broad for moderate supplies of carcass lamb and prices were 50¢-\$1.50 higher, mostly \$1.00-1.50 up. Clearance was complete on lamb.

Supplies of pork were fully normal. Pork loins sold steady to \$1.00 lower, mostly steady to 50¢ off. Pork butts sold 50¢-\$1.00 higher and fresh hams were 50¢-\$1.00 higher at Omaha. Pork carcasses sold steady to \$1.00 lower at New York but steady to 25¢ higher at Philadelphia.

BOSTON WOOL MARKET REVIEW

In general, trading on wool remained very dull. There was very little activity on domestic wools as prevailing demand was mostly poor. Woolen wools were slow.

Prices for domestic, territory and fleece wools held about steady.

Primary interest currently centered on last week's sealed bid sale at Portland, Oregon and also the sale at Minneapolis, Minnesota which got underway on November 1. Details of these sales are as follows and bulk moved to Eastern buyers: Out of an offered 1,000,000 pounds of Oregon, Washington, California, Idaho and Alaska wools, 800,000 pounds were sold. Prices on a clean content basis for the various grades ranged as follows: Fine \$1.18-1.25, half-blood \$1.06-1.16, 3/8s \$1.06-1.08, 1/4 \$1.05-1.11, low 1/4 98¢, braid 79-81¢.

Of the two million pounds offered at Minneapolis, Minnesota 1,900,000 pounds sold, both fleece and territory wools, all combing. Prices estimated on a clean basis showed fine wools at \$1.18-1.22, half-blood \$1.14-1.17, three-eighths \$1.06-1.09, quarter-blood \$1.04-1.07.

Prices at foreign markets were firm. Cabled reports at midweek from Australia and South Africa showed Japan and the Continent dominating. Offerings were mainly fine types, both combing and clothing. New Zealand auctions at Timaru and Christchurch reported fair activity by all interests at steady prices. South American wools remained quiet although volume was increased slightly.

Fleece Wools - Spot sales of fleece wools comprised small lots, generally steady.

Territory Wools - Good French combing and staple 64s and finer \$1.18-1.20, original bag \$1.15, three-eighths good French combing and staple \$1.06, choice 56/58s scoured California lambs wool 80¢.

Texas Wools - Very little activity with liberal offerings medium fall wools at 36½-41½¢ grease basis.

Mohair - Prices unchanged on limited sales. Adult 81½-86½¢ to warehouse and straight kid \$1.30-1.35.

Foreign Wools - Mostly small lots moved at steady prices. Cabled reports at week's end follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.

^{1/} Parity prices are computed under the provisions of Title III, Subtitle A, Section 301 (a) of the Agricultural Adjustment Act of 1938 as amended by the Agricultural Acts of 1948, 1949, 1954, and 1956.^{2/} Adjusted base price 1910-14 derived from 120-month, January 1951-December 1960 average (including an allowance where appropriate for unredeemed loans and other supplemental payments resulting from price support operations) by dividing by 253 percent (the 120-month average of the Index of Prices Received by Farmers adjusted to include an allowance for unredeemed loans and other supplemental payments) unless otherwise noted.^{3/} Effective parity prices as computed currently using base prices in effect and indexes for months indicated. These parity prices are the legally applicable parity prices for the following calendar month.^{4/} Adjusted base price 1910-14 derived from 10 season average prices 1951-60 (including an allowance, where appropriate, for unredeemed loans and other supplemental payments resulting from price support operations).
